

# Mingkai Li

mingkai.li@columbia.edu | [mingkai-li.github.io](https://mingkai-li.github.io)

## Research Interests

---

### Computer Systems & Security

My research focuses on ensuring the security and reliability of computer systems.

## Education

---

### Columbia University

Ph.D. Student, Advisor: Prof. [Tanvir Ahmed Khan](#)

2024 – present

New York, NY

### University of Science and Technology of China (USTC)

B.Eng., Computer Science and Technology

2019 – 2023

Hefei, China

### Chengdu No.7 High School

2016 – 2019

## Experiences

---

### National University of Singapore

Research Intern, Security Lab, Mentor: Prof. [Prateek Saxena](#)

Jan 2023 – May 2024

## Publications

---

ESEC/FSE 2023

### TransMap: Pinpointing Mistakes in Neural Code Translation.

Bo Wang, Ruishi Li, *Mingkai Li*, Prateek Saxena.

*The ACM Joint European Software Engineering Conference and Symposium on the Foundations of Software Engineering, 2023*

## Teaching

---

Fall 2024

CSEE 4119: Computer Networks (with Prof. [Ethan Katz-Bassett](#))
